Statement of intent

At **St James' C of E Primary**, we understand that pupils must be provided with an education that prepares them for the opportunities, responsibilities and experiences of adult life. A key part of this relates to relationships and health education, which must be delivered to every primary-aged pupil. Primary schools also have the option to decide whether pupils are taught sex education.

Relationships education focusses on giving pupils the knowledge they need to make informed decisions about their wellbeing, health and relationships, and to build their self-efficacy. Health education focusses on equipping pupils with the knowledge they need to make good decisions about their own health and wellbeing.

We understand our responsibility to deliver a high-quality, age-appropriate and evidence-based relationships, sex and health curriculum for all our pupils. This policy sets out the framework for our relationships, sex and health curriculum, providing clarity on how it is informed, organised and delivered.

1.Vision and Values

1.1 St James' C of E Primary school – inspiring and growing for fullness of life.

1.2 The Diocese of Gloucester Academy Trust schools undertake to follow the principles for faith sensitive and inclusive relationships education, relationships and sex education (RSE) and health education (RSHE) as set out in the 8 points of the **Church of England Charter for RSE** below, which have been based on the principles established by the Church of England's Pastoral Advisory Group and exemplified in the key documents - **Pastoral Principles for Living Well Together** and **Valuing All God's Children**.

We commit:

- 1. To work in partnership with parents and carers.** This will involve dialogue with parents and carers through all stages of policy development as well as discussing the resources used to teach their children and how they can contribute at home. It must, however, be recognised that the law specifies that what is taught and how it is taught is ultimately a decision for the school.
- 2. That RSHE will be delivered professionally and as an identifiable part of PSHE.** It will be led, resourced and reported to parents in the same way as any other subject. There will be a planned programme delivered in a carefully sequenced way. Staff will receive regular training in RSHE and PSHE. Any expert visitors or trainers invited into the school to enhance and supplement the programme will be expected to respect the schools published policy for RSHE.
- 3. That RSHE will be delivered in a way that affords dignity and shows respect to all who make up our diverse community.** It will not discriminate against any of the protected characteristics in the Equality Act (age, disability, gender reassignment, race, religion or belief, sex, sexual orientation, marriage and civil partnership and pregnancy and maternity) and will be sensitive to the faith and beliefs of those in the wider school community. RSHE will seek to explain fairly the tenets and varying interpretations of religious communities on matters of sex and relationships and teach these viewpoints with respect. It will value the

importance of faithfulness as the underpinning and backdrop for relationships. It will encourage pupils to develop the skills needed to disagree without being disagreeable, to appreciate the lived experience of other people and to live well together.

4. **That RSHE will seek to build resilience in our pupils to help them form healthy relationships and to keep themselves safe.** It will give pupils opportunities to reflect on values and influences including their peers, the media, the internet, faith and culture that may have shaped their attitudes to gender, relationships and sex. It will promote the development of the wisdom and skills our pupils need to make their own informed decisions.
5. **That RSHE will promote healthy resilient relationships set in the context of character and virtue development.** It will reflect the vision and associated values of the school, promote reverence for the gift of human sexuality and encourage relationships that are hopeful and aspirational. Based on the school's values it will seek to develop character within a moral framework based on virtues such as honesty, integrity, self-control, courage, humility, kindness, forgiveness, generosity and a sense of justice but does not seek to teach only one moral position.
6. **That RSHE will be based on honest and medically accurate information from reliable sources of information, including about the law and legal rights.** It will distinguish between different types of knowledge and opinions so that pupils can learn about their bodies and sexual and reproductive health as appropriate to their age and maturity.
7. **To take a particular care to meet the individual needs of all pupils including those with special needs and disabilities.** It will ensure that lessons and any resources used will be accessible and sensitive to the learning needs of the individual child. We acknowledge the potential vulnerability of pupils who have special needs and disabilities (SEND) and recognise the possibilities and rights of SEND pupils to high quality relationships and sex education.
8. **To seek pupils' views about RSHE so that the teaching can be made relevant to their lives.** It will discuss real life issues relating to the age and stage of pupils, including friendships, families, faith, consent, relationship abuse, exploitation and safe relationships online. This will be carefully targeted and age appropriate based on a teacher judgment about pupil readiness for this information in consultation with parents and carers.

2. Legal framework

2.1 This policy has due regard to legislation and statutory guidance including, but not limited to, the following:

- Section 80A of the Education Act 2002
- Children and Social Work Act 2017
- The Relationships Education, Relationships and Sex Education and Health Education (England) Regulations 2019
- Equality Act 2010
- DfE (2019) 'Relationships, Education, Relationships and Sex Education (RSE) and Health Education'
- DfE (2013) 'Science programmes of study: key stages 1 and 2'

2.2 This policy operates in conjunction with the following school policies:

- Safeguarding and Child Protection Policy
- Behaviour Policy
- Anti-Bullying Policy: Pupils
- E-safety Policy
- PSHE
- SEND Policy
- Equal Opportunities Policy
- Confidentiality Policy
- Emotional Health and Wellbeing Policy

3.Roles and responsibilities

3.1 The governing board is responsible for:

- Ensuring all pupils make progress in achieving the expected educational outcomes.
- Ensuring the curriculum is well led, effectively managed and well planned.
- Evaluating the quality of provision through regular and effective self-evaluation.
- Ensuring teaching is delivered in ways that are accessible to all pupils with SEND.
- Ensuring that appropriate parental consultation is carried out and providing clear information for parents on subject content and their rights to request that their children are withdrawn.
- Making sure the subjects are resourced, staffed and timetabled in a way that ensures the school can fulfil its legal obligations.
- Ensuring the religious ethos of the school is maintained and developed through the subjects.

3.2 The headteacher is responsible for:

- The overall implementation of this policy.
- Ensuring staff are suitably trained to deliver the subjects.
- Ensuring that parents are fully informed of this policy.
- Reviewing requests from parents to withdraw their children from the subjects.
- Discussing requests for withdrawal with parents.
- Organising alternative education for pupils, where necessary, that is appropriate and purposeful.
- Reporting to the governing board on the effectiveness of this policy.
- Reviewing this policy on an annual basis.

3.3 The relationships, sex and health education subject leader and Head teacher are responsible for:

- Overseeing the delivery of the subjects.
- Ensuring the subjects are age-appropriate and high-quality.
- Ensuring teachers are provided with adequate resources to support teaching of the subjects.

- Ensuring the school meets its statutory requirements in relation to the relationships, **sex** and health curriculum.
- Ensuring the relationships, **sex** and health curriculum is inclusive and accessible for all pupils.
- Working with other subject leaders to ensure the relationships, **sex** and health curriculum complements, but does not duplicate, the content covered in the national curriculum.
- Monitoring and evaluating the effectiveness of the subjects and providing reports to the headteacher.

3.4 The appropriate teachers are responsible for:

- Delivering a high-quality and age-appropriate relationships, sex and health curriculum in line with statutory requirements.
- Using a variety of teaching methods and resources to provide an engaging curriculum that meets the needs of all pupils.
- Ensuring they do not express personal views or beliefs when delivering the programme.
- Modelling positive attitudes to relationships, sex and health education.
- Responding to any safeguarding concerns in line with the Child Protection and Safeguarding Policy.
- Acting in accordance with planning, monitoring and assessment requirements for the subjects.
- Liaising with the SENCO to identify and respond to individual needs of pupils with SEND.
- Working with the relationships, sex and health education subject leader to evaluate the quality of provision.

3.5 The SENCO is responsible for:

- Advising teaching staff how best to identify and support pupils' individual needs.
- Advising staff on the use of TAs in order to meet pupils' individual needs.

4. Organisation of the curriculum

4.1 Every primary school is required to deliver statutory relationships education and health education.

4.2. For the purpose of this policy, “**relationships and sex education**” is defined as teaching pupils about healthy, respectful relationships, focussing on family and friendships, in all contexts, including online, as well as developing an understanding of human sexuality.

4.3 For the purpose of this policy, “**health education**” is defined as teaching pupils about physical health and mental wellbeing, focussing on recognising the link between the two and being able to make healthy lifestyle choices.

4.4 The delivery of the relationships education and health education coincide with one another and will be delivered as part of the school's PSHE curriculum.

4.5 The relationships and health curriculum has been organised in line with the statutory requirements outlined in the DfE (2019) 'Relationships, Education, Relationships and Sex Education (RSE) and Health Education' guidance.

4.6 The relationships and health curriculum take into account the views of teachers, pupils and parents. We are dedicated to ensuring our curriculum meets the needs of the whole-school community.

4.7 The relationships and health curriculum is informed by issues in the school and wider community to ensure it is tailored to pupils' needs; for example, if there was a local prevalence of specific sexually transmitted infections, our curriculum would be tailored to address this issue.

4.8 We consult with parents, pupils and staff in the following ways:

- Questionnaires and surveys
- Focus groups
- Meetings
- Training sessions
- Newsletters and letters

4.9 Any parent, teacher or pupil wishing to provide feedback about the curriculum can do so at any time during the academic year by:

- Organising a meeting with the headteacher.
- Emailing or writing via the school office.

4.10 The school has organised a curriculum that is age-appropriate for pupils within each year group, based on the views of teachers, parents and pupils.

4.11 When organising the curriculum, the religious backgrounds of all pupils will be considered, so that the topics that are covered are taught appropriately.

5.Consultation with parents

This policy has been established during the extraordinary circumstances of the coronavirus pandemic. Whilst the Department for Education guidance advocates either written or face to face parental consultation, some schools may have normally organised meetings to share this policy with parents. For the purposes of the 2020 policy consultation will be written, with the opportunity for parents to pose questions and concerns by e-mail or phone.

5.1 The school understands the important role parents play in enhancing their children's understanding of relationships, sex and health. Similarly, we also understand how important parents' views are in shaping the curriculum.

5.2 The school works closely with parents by establishing open communication – all parents are consulted in the development and delivery of the curriculum, as outlined in section 3 of this policy.

5.3 Parents are provided with the following information at the relevant time and Year group:

- The content of the relationships, sex and health curriculum
- The delivery of the relationships, sex and health curriculum, including what is taught in each year group
- The legalities surrounding withdrawing their child from the subjects
- The resources that will be used to support the curriculum

5.4 The school aims to build positive relationships with parents by inviting them into school to discuss what will be taught, address any concerns and help parents in managing conversations with their children on the issues covered by the curriculum.

5.5 Parents are consulted in the review of the curriculum and this policy, and are encouraged to provide their views at any time.

6. Relationships education overview

Families and people who care for me

By the end of primary school, pupils will know:

- That families are important for them growing up because they can give love, security and stability.
- The characteristics of healthy family life, commitment to each other, including in times of difficulty, protection and care for children and other family members, the importance of spending time together and sharing each other's lives.
- That others' families, either in school or in the wider world, sometimes look different from their family, but that they should respect those differences and know that other children's families are also characterised by love and care.
- That stable, caring relationships, which may be of different types, are at the heart of happy families, and are important for children's security as they grow up.
- That marriage represents a formal and legally recognised commitment of two people to each other which is intended to be lifelong.
- How to recognise if family relationships are making them feel unhappy or unsafe, and how to seek help or advice from others if needed.

Caring friendships

By the end of primary school, pupils will know:

- How important friendships are in making us feel happy and secure, and how people choose and make friends.
- The characteristics of friendships, including mutual respect, truthfulness, trustworthiness, loyalty, kindness, generosity, trust, sharing interests and experiences, and support with problems and difficulties.
- That healthy friendships are positive and welcoming towards others, and do not make others feel lonely or excluded.

- That most friendships have ups and downs, but that these can often be worked through so that the friendship is repaired or even strengthened, and that resorting to violence is never right.
- How to recognise who to trust and who not to trust.
- How to judge when a friendship is making them feel unhappy or uncomfortable.
- How to manage conflict.
- How to manage different situations and how to seek help from others if needed.

Respectful relationships

By the end of primary school, pupils will know:

- The importance of respecting others, even when they are very different from them (for example, physically, in character, personality or backgrounds), make different choices, or have different preferences or beliefs.
- Which practical steps they can take in a range of different contexts to improve or support respectful relationships.
- The conventions of courtesy and manners.
- The importance of self-respect and how this links to their own happiness.
- That in school and wider society they can expect to be treated with respect by others, and that in turn they should show due respect to others, including those in positions of authority.
- About the different types of bullying (including cyberbullying), the impact of bullying, responsibilities of bystanders to report bullying to an adult, and how to seek help.
- What a stereotype is, and how they can be unfair, negative or destructive.
- The importance of permission-seeking and giving in relationships with friends, peers and adults.

Online relationships

By the end of primary school, pupils will know:

- That people sometimes behave differently online, including pretending to be someone they are not.
- That the same principles apply to online relationships as to face-to-face relationships, including the importance of respect for others online, even when we are anonymous.
- The rules and principles for keeping safe online.
- How to recognise harmful content and contact online, and how to report these.
- How to critically consider their online friendships and sources of information.
- The risks associated with people they have never met.
- How information and data is shared and used online.

Being safe

By the end of primary school, pupils will know:

- What sorts of boundaries are appropriate in friendships with peers and others – including in a digital context.
- About the concept of privacy and the implications of it for both children and adults.
- That it is not always right to keep secrets if they relate to being safe.
- That each person's body belongs to them, and the differences between appropriate and inappropriate or unsafe physical, and other, contact.
- How to respond safely and appropriately to adults they may encounter (in all contexts, including online) who they do not know.
- How to recognise and report feelings of being unsafe or feeling bad about any adult.
- How to ask for advice or help for themselves and others, and to keep trying until they are heard.
- How to report concerns or abuse, and the vocabulary and confidence needed to do so.
- Where to seek advice, for example, from their family, their school and other sources.

7. Relationships education per year group

7.1 The school is free to determine, within the statutory curriculum content outlined in Section 6 what pupils are taught during each year group.

7.2 The school always considers the age and development of pupils when deciding what will be taught in each year group.

7.3 The school plans a progressive curriculum, such that topics are built upon prior knowledge taught in previous years as they progress through school to provide a smooth transition to secondary school.

Reception and Year 1

- Families and people who care for me (family life, commitment, love, security, stability, respecting difference and appreciating similarities)
- How to choose and make friends, characteristics of friendship and dealing with differences, understanding loneliness and exclusion, repairing friendship, violence is never right, how to deal with unhappy and uncomfortable situations, managing conflict
- Respectful relationships, self-respect. Respecting difference, all types of bullying, stereotypes, permission-seeking in relationships
- Online relationships - People can behave differently online, staying safe online, risks, data sharing online
- Being safe - What boundaries are appropriate with peers and friends, privacy, bodies

Year 2

- Understand the roles different people play in our lives
- That it is important to tell a trusted adult if something about their family makes them unhappy/worried

- How to recognise if someone is lonely
- How to ask for help if friendship is making them unhappy
- Bodies and feelings can be hurt by words and actions
- How to respond if physical contact makes them uncomfortable or unsafe
- How people may feel if they experience bullying
- Basic techniques for resisting pressure
- Hurtful behaviour on and offline teasing, name calling deliberately excluding others is unacceptable; how to report
- To not keep adult secrets (except happy surprises)
- People may behave differently online – including being someone they are not
- To recognise and respect privacy and that some parts covered by underwear are private
- How to respond safely to adults they don't know
- What to do if they feel unsafe or worried
- To appreciate kind and unkind behaviour?
- Treating themselves and others with respect
- To recognise how they are the same and different to others?

Year 3

- To recognise that there are different types of relationships
- That marriage and civil partnerships are a legal declaration of commitment between two adults who love and care for one another
- That people who love and care for one another may live together or apart
- To recognise and respect there are different types of family structure
- How friendships change over time and the benefits of having different types of friends
- That friendships have ups and downs and strategies and to resolve disputes and reconcile differences positively
- To appreciate the impact of bullying in online and offline context and understand the consequences of hurtful behaviour
- Strategies to respond to hurtful behaviour, how to report concerns and get support
- Privacy and personal boundaries. What is appropriate in friendships and wider relationships (including online)
- Recognise different types of physical contact. What is acceptable or unacceptable. Strategies to respond to unwanted physical contact.
- About keeping something confidential or secret – when it is right to share a secret.
- To listen and respond respectfully to a wide range of people, including those whose beliefs, traditions and lifestyle maybe different to their own

Year 4

- To recognise the shared characteristics of healthy family life
- To recognise how to seek help or advice if family relationships are making them feel unhappy or unsafe
- That marriage is a legal commitment and forcing someone to marry against their will is a crime. That help and support is available for this.
- The importance of friendships. Strategies to build positive friendships to support wellbeing.
- That friendships have ups and downs and strategies to resolve disputes positively and safely
- Why someone may behave differently online including being someone they are not. Strategies for preventing and recognising risks and reporting concerns

- About the impact of bullying – online and offline and the consequences of hurtful behaviour

Year 5

- To recognise what it means to know someone online, the risks associated and how this differs to face-to-face contact
- That healthy relationships make people feel included and how to recognise feelings of loneliness and exclusion and how to deal with them for themselves and others
- Strategies for recognising and managing peer influence and desire for peer approval in friendships. The effect of actions on others
- That friendships have ups and downs and strategies to resolve disputes positively and safely
- About the impact of bullying – online and offline and the consequences of hurtful behaviour
- About discrimination – what it means and how to challenge it
- To recognise different types of physical contact – acceptable and unacceptable and strategies to resolve it
- To recognise the importance of self-respect – how to treat others with politeness and respect and to expect the same standard for themselves (on and offline)
- To recognise the differences and similarities between people – what they all have in common
- To discuss and debate topical issues, listen to and respect other viewpoints, how to constructively challenge those they disagree with
- To begin to understand that people may be attracted to someone emotionally, romantically or/and sexually. That people may be attracted to someone of the same or different sex to them. To understand gender identity and sexual orientation are different

Year 6

- That people may be attracted to someone emotionally, romantically or/and sexually. That people may be attracted to someone of the same or different sex to them. To understand gender identity and sexual orientation are different
- The importance of seeking support if feeling lonely or excluded and how to
- That friendships have ups and downs and change over time. The benefits of making new friends. How to resolve differences positively and safely
- The impact and longevity of bullying both online and offline
- Strategies to respond to hurtful behaviour experience or witnessed (on or offline) including in the context of social media threads. How to reduce risks, report concerns and get support
- How to respond safely and appropriately to adults they may encounter in different contexts – including those they do not know
- About seeking permission and giving consent in different situations
- How to recognise pressure from others to do something unsafe or that makes them feel uncomfortable
- Where to get advice if they are worried about their own or someone else's personal safety in a variety of contexts
- That personal behaviour can affect other people – to recognise and model respectful behaviour online. The long terms consequences (tattoo) of online behaviour

- To recognise the importance of self-respect – how to treat others with politeness and respect and to expect the same standard for themselves (on and offline)
- To recognise the differences and similarities between people – what they all have in common
- To discuss and debate topical issues, listen to and respect other viewpoints, how to constructively challenge those they disagree with

7. Health education overview

The focus at primary level is teaching the characteristics of good physical health and mental wellbeing.

Mental wellbeing

By the end of primary school pupils will know:

- That mental wellbeing is a normal part of daily life, in the same way as physical health.
- That there is a normal range of emotions, e.g. happiness, sadness, anger, fear, surprise and nervousness.
- The scale of emotions that humans experience in response to different experiences and situations.
- How to recognise and talk about their emotions, including having a varied vocabulary of words to use when talking about their own and others' feelings.
- How to judge whether what they are feeling and how they are behaving is appropriate and proportionate.
- The benefits of physical exercise, time outdoors, community participation, and voluntary and service-based activity on mental wellbeing and happiness.
- Simple self-care techniques, including the importance of rest, time spent with friends and family, and the benefits of hobbies and interests.
- How isolation and loneliness can affect children and that it is very important they discuss their feelings with an adult and seek support.
- That bullying (including cyberbullying) has a negative and often lasting impact on mental wellbeing.
- Where and how to seek support (including recognising the triggers for seeking support), extending to who in school they should speak to if they are worried about themselves or others.
- That it is common to experience mental ill health and, for the many people who do, the problems can be resolved if the right support is made available, especially if accessed early enough.

Internet safety and harms

By the end of primary school, pupils will know:

- That for most people, the internet is an integral part of life and has many benefits.

- About the benefits of rationing time spent online.
- The risks of excessive time spent on electronic devices.
- The impact of positive and negative content online on their own and others' mental and physical wellbeing.
- How to consider the effect of their online actions on others.
- How to recognise and display respectful behaviour online.
- The importance of keeping personal information private.
- Why social media, some computer games and online gaming, for example, are age-restricted.
- That the internet can also be a negative place where online abuse, trolling, bullying and harassment can take place, which can have a negative impact on mental health.
- How to be a discerning consumer of information online, including understanding that information (inclusive of that from search engines) is ranked, selected and targeted.
- Where and how to report concerns and get support with issues online.

Physical health and fitness

By the end of primary school, pupils will know:

- The characteristics and mental and physical benefits of an active lifestyle.
- The importance of building regular exercise into daily and weekly routines and how to achieve this, for example by walking or cycling to school, a daily active mile, or other forms of regular, vigorous exercise.
- The risks associated with an inactive lifestyle, including obesity.
- How and when to seek support, including which adults to speak to in school if they are worried about their health.

Healthy eating

By the end of primary school, pupils will know:

- What constitutes a healthy diet, including an understanding of calories and other nutritional content.
- The principles of planning and preparing a range of healthy meals.
- The characteristics of a poor diet and risks associated with unhealthy eating, including obesity, and other behaviours, e.g. the impact of alcohol on diet or health.

Drugs alcohol and tobacco

By the end of primary school, pupils will know:

- The facts about legal and illegal harmful substances and associated risks, including smoking, alcohol use and drug-taking.

Health and prevention

By the end of primary school, pupils will know:

- How to recognise early signs of physical illness, such as weight loss or unexplained changes to the body.

- About safe and unsafe exposure to the sun, and how to reduce the risk of sun damage, including skin cancer.
- The importance of sufficient good-quality sleep for good health, and that a lack of sleep can affect weight, mood and ability to learn.
- About dental health and the benefits of good oral hygiene and dental flossing, including regular check-ups at the dentist.
- About personal hygiene and germs including bacteria and viruses, how they are spread and treated, and the importance of hand washing.
- The facts and science relating to immunisation and vaccination.

Basic first aid

By the end of primary school, pupils will know:

- How to make a clear and efficient call to emergency services.
- Concepts of basic first-aid, for example dealing with common injuries, including head injuries.

Changing adolescent body

- By the end of primary school, pupils will know:
- Key facts about puberty and the changing adolescent body, particularly from age 9 through to age 11, including physical and emotional changes.
- About menstrual wellbeing and key facts relating to the menstrual cycle.

8. Health education per year group

8.1 The school is free to determine, within the statutory curriculum content outlined in section 7, what pupils are taught during each year group.

8.2 The school always considers the age and development of pupils when deciding what will be taught in each year group.

8.3 The school plans a progressive curriculum, such that topics are built upon prior knowledge taught in previous years as they progress through school to provide a smooth transition to secondary school.

Reception and Year 1

- Pupils should know what constitutes a healthy diet
- Characteristics of poor diet, risks of unhealthy eating (teeth/obesity)
- Mental and physical benefits of active lifestyle
- Importance of regular exercise, how to achieve it
- Importance of good sleep
- Importance of personal hygiene, handwashing, germs
- Facts and science related to allergies immunisation and vaccination

Year 2

- Understanding healthy eating and the risks of too much sugar
- Dental care and the importance of brushing teeth; eating and drinking to support dental health
- Ways to learn and play; knowing when to take a break from TV and online
- Sun safety and protecting our skin

Year 3

- How to make informed decisions about health
- What is a healthy, balanced lifestyle and the choices that support it
- How to recognise habits have positive and negative effects on a healthy lifestyle
- What is good physical health and what are the early signs of physical illness (Facts4Life)
- What constitutes a healthy diet – the risks of poor diet including obesity and tooth decay
- The benefits of regular exercise including to physical and mental health. Some of the risks of an inactive lifestyle
- Where to seek help if you are worried about poor health
- Everyday things affect feelings and the importance of expressing these feelings
- How to respond and act in an emergency situation – age appropriate basic first aid

Year 4

- How to support a healthy and balanced lifestyle
- How medicines, vaccines and immunisations contribute to health or disease prevention and how to use these responsibly. How allergies can be managed
- Strategies and behaviours to support mental health
- Feelings change over time and range in intensity
- Dealing with loss and associated changes
- How to keep their bodies clean during puberty

Year 5

- Understand bacteria and viruses can affect health and hygiene to prevent the spread of infection
- Keeping fit and healthy the benefits for physical and mental health
- Sun damage and the risks of overexposure
- Keeping safe and the risks associated with increased independence
- Mental health is just as important as physical health to take care of
- How to express yourself and deal with a range of potential intense or conflicting feelings
- How to seek support for mental health
- How to keep their bodies clean during puberty
- How to respond and act in an emergency situation – age appropriate basic first aid

Year 6

- How to keep their bodies clean during puberty
- The importance of sleep to a healthy lifestyle and implications of lack of sleep or poor quality sleep

- The effects of smoking on health including teeth
- The benefits of the internet but importance of balancing this time with other activity
- How and where to seek support and which adults can help if they are worried about their health
- Anyone can experience mental ill health and most difficulties can be resolved with help and support. The importance of discussing feelings with a trusted adult
- To recognise risks and effect associated with legal and illegal drugs. Understand the law surrounding these both owning and distributing.
- Consider why people choose to use drugs (including nicotine, alcohol, vaping and medicines)
- Discuss mixed messages in the media about drugs, alcohol and smoking/vaping.
- Understand the organisations that can help support people with alcohol or drug use and who they can talk to if they have concerns

9. Sex education

9.1 All pupils must be taught the aspects of sex education outlined in the primary science curriculum – this includes teaching about the main external parts of the human body, how it changes as it grows from birth to old age, including puberty, and the reproductive process in some plants and animals.

9.2 The school is free to determine whether pupils should be taught sex education beyond what is required of the national curriculum.

9.3 At our school, we do teach pupils sex education beyond what is required of the science curriculum.

9.4 Parents are fully consulted in the organisation and delivery of our sex education curriculum, in accordance with section 4 and section 5 of this policy.

9.5 Parents are given the opportunity to advise on what should be taught through sex education.

The age and development of pupils is always considered when delivering sex education.

Reception and Year 1

- Understand what makes them special and unique
- Identifying what they are good at – likes and dislikes
- About growing and changing from young to old and how people’s needs change

Year 2

- To name the main parts of the body (inc external genitalia)
- Growing and changing from young to old and how people’s needs change
- Prepare to move to a new class and year group. How does it feel growing up?

Year 3

- About personal identity and what contributes to who we are
- About personal space and privacy for our bodies
- About our talents and what makes us special

Year 4

- About physical and emotional changes associated with approaching puberty including key facts about the menstrual cycle. Menstruation is repeated in years 5 and 6 with increased detail and support. Recap of correct terminology for basic private parts of the body.
- Hygiene routines around the change of puberty. The importance of keeping clean and how to.
- Where to get more advice or information about growing up and changing especially with puberty

Year 5

- Identify parts of the body that males and females have in common and those that are different;
- Know the correct terminology for their genitalia.
- Understand and explain why puberty happens – both the physical and emotional changes associated with this.
- Know the key facts of the menstrual cycle and understand that periods are a normal part of puberty for girls. Identify some of the ways to cope better with periods.
- Begin to understand wet dreams and erections for boys being a normal part of puberty.
- Recognise their individual and personal qualities
- Hygiene routines around the change of puberty. The importance of keeping clean and how to.
- Where to get more advice or information about growing up and changing especially with puberty

Year 6

- Recap on the names of external genitalia and be taught the internal reproductive organs and hormones in males and females
- Identify the changes that happen through puberty to allow sexual reproduction to occur;
- Know a variety of ways in which the sperm can fertilise the egg to create a baby;
- Know the legal age of consent and what it means and that there are ways to prevent a baby being made (this is not in detail). This ties in with peer pressure work.
- How babies need to be cared for
- Understand that for some people gender identity does not correspond with their biological sex.
- Recap the key facts of the menstrual cycle and understand that periods are a normal part of puberty for girls. Identify some of the ways to cope better with periods.
- Understand wet dreams and erections for boys being a normal part of puberty.
- Recognise their individual and personal qualities. Understand the pressures placed particularly from social media regarding outward appearance and how to counteract this narrative.
- Hygiene routines around the change of puberty. The importance of keeping clean and how to.

- Where to get more advice or information about growing up and changing especially with puberty
- Strategies to manage transition and the associated changes
- The new opportunities and responsibilities of increased independence
- Talk about how to manage set backs and perceived failures and reframe thinking
- FGM is illegal in British Law and who to tell if they think there is a risk (teacher decision)

10. Delivery of the curriculum

10.1 The relationships, sex and health curriculum will be delivered as part of our PSHE curriculum.

10.2 Through effective organisation and delivery of the subject, we will ensure that:

- Core knowledge is sectioned into units of manageable size.
- The required content is communicated to pupils clearly, in a carefully sequenced way, within a planned scheme of work.
- Teaching includes sufficient and well-chosen opportunities and contexts for pupils to embed new knowledge so that it can be used confidently in real-life situations.

10.3 The curriculum is delivered proactively, such that it addresses issues in a timely way in line with current evidence on children's physical, emotional and sexual development.

10.4 Teaching of the curriculum reflects requirements set out in law, particularly the Equality Act 2010, so that pupils understand what the law does and does not allow, and the wider legal implications of the decisions they make.

10.5 At the point we consider it appropriate to teach pupils about LGBT, we will ensure that this content is fully integrated into the relationships, sex and health curriculum, rather than delivered as a standalone unit or lesson.

10.6 Pupils will be taught about LGBT in Year 6; however, we will always consider the development and maturity of pupils before teaching this topic.

10.7 The school ensures that all teaching and materials are appropriate for the ages of the pupils, their religious backgrounds, their developmental stages and any additional needs, such as SEND.

10.8 Lesson plans will provide appropriate challenge for pupils and be differentiated for pupils' needs.

10.9 Classes may be taught in gender-segregated groups, dependent upon the nature of the topic being delivered at the time, and the cultural background of pupils where it is only appropriate to discuss the body in single gender groups.

10.10 Throughout every year group, appropriate diagrams, videos, books, games, discussion and practical activities will be used to assist learning.

10.11 Inappropriate images, videos, etc., will not be used, and resources will be selected with sensitivity given to the age, developmental stage and cultural background of pupils.

10.12 Pupils will be prevented from accessing inappropriate materials on the internet when using such to assist with their learning. The prevention measures taken to ensure this are outlined in the school's E-safety Policy.

10.13 Teachers will establish what is appropriate for small group and whole-class settings, and alter their teaching of the programme accordingly.

10.14 Teachers will ensure that pupils' views are listened to and will encourage them to ask questions and engage in discussion. Teachers will answer questions sensitively, honestly and appropriate to the pupil's age.

10.15 The programme will be designed to focus on boys as much as girls, and activities will be planned to ensure both are actively involved, matching their different learning styles.

10.16 Teachers will focus heavily on the importance of healthy relationships and marriage, though sensitivity will always be given as to not stigmatise pupils based on their home circumstances.

10.17 Teachers will ensure that lesson plans are centred around reducing stigma, particularly in relation to mental wellbeing, and encouraging openness through discussion activities and group work.

10.18 Teachers will ensure lesson plans focus on challenging perceived views of pupils based on protected characteristics, through exploration of, and developing mutual respect for, those different to themselves.

10.19 Any resources or materials used to support learning will be assessed by the relationships, sex and health education subject leader before use to ensure they are appropriate for the age and maturity of pupils, and sensitive to their needs.

10.20 In teaching the curriculum, teachers will be aware that pupils may raise topics such as self-harm and suicide. When talking about these topics in lessons, teachers will be aware of the risks of encouraging these behaviours and will avoid any resources or material that appear as instructive rather than preventative.

10.21 At appropriate points during the delivery of this programme, parents will be consulted, and their views will be valued. What will be taught can be viewed within this document which has been sent to all staff and parents for consultation. Parents will receive specific communication as to when there will be teaching of non-statutory sex education and will have the right to withdraw their child as per the guidance in Section 14.

10.22 Whilst there are no formal examinations for the relationships, sex and health curriculum, the school will undertake informal assessments to determine pupil progress – these include the following:

- Written tasks
- Group presentations
- Group tasks
- Projects

11. Working with external experts

11.1 External experts may be invited to assist from time-to-time with the delivery of the programme and will be expected to comply with the provisions of this policy.

11.2 The school will ensure all visitor credentials are checked before they are able to participate in delivery of the curriculum, in line with the Visitor Policy.

11.3 The school will ensure that the teaching delivered by the external expert fits with the planned curriculum and this policy.

11.4 Before delivering the session, the school will discuss the details of the expert's lesson plan and ensure that the content is age-appropriate and accessible for the pupils.

11.5 The school will also ask to see the materials the expert intends to use, as well as a copy of the lesson plan, to ensure it meets all pupils' needs, including those with SEND.

11.6 The school will agree with the expert the procedures for confidentiality, ensuring that the expert understands how safeguarding reports should be dealt with in line with the Child Protection and Safeguarding Policy.

11.7 The intended use of external experts is to enhance the curriculum delivered by teachers, rather than as a replacement for teachers.

12. Equality and accessibility

12.1 The school understands its responsibilities in relation to the Equality Act 2010, specifically that it must not unlawfully discriminate against any pupil because of their:

- Age
- Sex or sexual orientation
- Race
- Disability
- Religion or belief
- Gender reassignment
- Pregnancy or maternity
- Marriage or civil partnership

12.2 The school is committed to making reasonable adjustments wherever possible to promote accessibility and inclusivity of the curriculum.

12.3 The school understands that pupils with SEND or other needs (such as those with social, emotional or mental health needs) are entitled to learn about relationships, sex and health education, and the programme will be designed to be inclusive of all pupils.

12.4 Teachers will understand that they may need to be more explicit and adapt their planning of work and teaching methods in order to appropriately deliver the programme to pupils with SEND or other needs.

12.5 Provisions under the Equality Act 2010 allow our school to take positive action, where it can be evidenced to be proportionate, to respond to particular disadvantages affecting a group

because of a protected characteristic. For example, we could consider taking positive action to support girls if there was evidence that they were being disproportionately subjected to sexual violence or sexual harassment.

12.6 When deciding whether support is necessary to support pupils with a particular protected characteristic, we will consider our pupils' needs, including the gender and age range of our pupils.

12.7 In order to foster healthy and respectful peer-to-peer communication and behaviour between boys and girls, the school implements a robust Behavioural Policy, as well as a Child Protection and Safeguarding Policy, which set out expectations of pupils.

13. Curriculum links

13.1 The school seeks opportunities to draw links between relationships, sex and health education and other curriculum subjects wherever possible to enhance pupils' learning.

13.2 Relationships, sex and health education will be linked to the following subjects in particular:

- Science – pupils learn about the main external parts of the body and changes to the body as it grows from birth to old age, including puberty.
- Computing and ICT – pupils learn about e-safety, including how to use technology safely, responsibly, respectfully and securely, how to keep personal information private and how to access help and support.
- PE – pupils explore various physical activities, are physically active for sustained periods of time, engage in competitive sport and understand how exercise can lead to healthier lifestyles.
- Citizenship – pupils learn about the requirements of the law, their responsibilities and the possible consequences of their actions.
- PSHE – pupils learn about respect and difference, values and characteristics of individuals.

14. Withdrawing from the subjects

14.1 Relationships and health education are statutory at primary and parents do not have the right to withdraw their child from the subjects.

14.2 As sex education is not statutory at primary level (other than what must be taught as part of the science curriculum), parents have the right to request to withdraw their child from all or part of the sex education curriculum.

14.3 The headteacher will automatically grant withdrawal requests in accordance with point 14.2; however, the headteacher will discuss the request with the parent and, if appropriate, their child, to ensure that their wishes are understood and to clarify the nature and purpose of the curriculum.

14.4 The headteacher will discuss with the parent, the benefits of receiving this important education and any adverse effects that withdrawal may have on the pupil – this could include, for example, social and emotional effects of being excluded.

14.5 The headteacher will keep a record of the discussion between themselves, the pupil and the parent.

14.6 The headteacher will grant a parent's request to withdraw their child from sex education, other than the content that must be taught as part of the science curriculum.

14.7 The parent will be informed in writing of the headteacher's decision.

14.8 Where a pupil is withdrawn from sex education, the headteacher will ensure that the pupil receives appropriate alternative education.

15. Behaviour

15.1 The school has a zero-tolerance approach to bullying. We aim to foster a culture based on mutual respect and understanding for one another.

15.2 Any bullying incidents caused as a result of the relationships, sex and health education programme, such as those relating to sexual orientation, will be dealt with as seriously as other bullying incidents within the school.

15.3 Any occurrence of these incidents will be reported to a member of school staff, who will then discipline the pupil once they are on school premises.

15.4 These incidents will be dealt with following the processes in our Safeguarding and Child Protection Policy, Behavioural Policy and Anti-Bullying Policy.

15.5 The headteacher will decide whether it is appropriate to notify the police or an anti-social behaviour coordinator in their LA of the action taken against a pupil.

16. Staff training

16.1 All staff members at the school will undergo training to ensure they are up-to-date with the relationships, sex and health education programme and associated issues.

16.2 Members of staff responsible for teaching the subjects will undergo further updates, led by the relationships, sex and health education subject leader, to ensure they are fully equipped to teach the subjects effectively.

16.3 Training of staff will also be scheduled around any updated guidance on the programme and any new developments, such as 'sexting', which may need to be addressed in relation to the programme.

16.4 Guidance can be sought at any time from the DGAT School Improvement Lead.

17. Confidentiality

17.1 Confidentiality within the classroom is an important component of relationships, sex and health education, and teachers are expected to respect the confidentiality of their pupils as far as is possible.

17.2 Teachers will, however, alert the headteacher about any suspicions of inappropriate behaviour or potential abuse as per the school's Child Protection and Safeguarding Policy.

17.3 Pupils will be fully informed of the school's responsibilities in terms of confidentiality and will be aware of what action may be taken if they choose to report a concern or make a disclosure.

17.4 Any reports made during lessons, or as a result of the content taught through the curriculum, will be reported to the DSL and handled in accordance with the Child Protection and Safeguarding Policy.

18. Monitoring quality

18.1 The relationships, sex and health education subject leader is responsible for monitoring the quality of teaching and learning for the subjects.

18.2 The relationships, sex and health education subject leader will conduct subject assessments on an annual basis, which will include a mixture of the following:

- Self-evaluations
- Lesson observations
- Topic feedback forms
- Learning walks
- Work scrutiny
- Lesson planning scrutiny

18.3 The relationships, sex and health education subject leader will create annual subject reports for the headteacher and governing board to report on the quality of the subjects.

18.4 The relationships, sex and health education subject leader will work regularly and consistently with the headteacher and RSE link governor, e.g. through regular review meetings, to evaluate the effectiveness of the subjects and implement any changes.

19. Monitoring and review

19.1 This policy will be reviewed on an annual basis by the relationships, sex and health education subject leader and headteacher. The next scheduled review date for this policy is July 2021.

19.2 This policy will also be reviewed in light of any changes to statutory guidance, feedback from parents, staff or pupils, and issues in the school or local area that may need addressing.

19.3 The governing body is responsible for approving this policy.

19.4 Any changes made to this policy will be communicated to all staff, parents and, where necessary, pupils.
